OUR INVISIBLE GOVERNMENT

Is Fiercely Scored by American Federation's Annual Report

THE LOBBY METHODS
IS BASIS OF ATTACK

Statement Is Signed by All the Officers of Executive Council—In Favor of Establishing a Bureau of Labor Safety.

SEATTLE, Wash., Nov. 10.—"Invisible government" by organized dollars was scored in the report of the executive council of the American Federation of Labor for the 35th annual convention which began here today. The report was signed by all officers of the federation who compose the executive council. It dealt exclusively with all phases of labor conditions in the United States and the insular possessions but made only an incidental reference to the new federal industrial relations commission and board of mediation and conciliation. The report was not read but a copy was furnished to each delegate.

The reference to the National Association of Manufacturers was the long-expected one. A review of testimony before the Senate and House labor investigations was given, going into detail regarding the activity of what is termed the "invisible government," as embodied in the National Association of Manufacturers. The report was not read but a copy was furnished to each delegate.

The report was signed by all officers of the federation who compose the executive council. It dealt exclusively with all phases of labor conditions in the United States and the insular possessions but made only an incidental reference to the new federal industrial relations commission and board of mediation and conciliation. The report was not read but a copy was furnished to each delegate.

Concerning the National Association of Manufacturers the report said:

"It has been shown to be the worst group of selfish, mercenary interests ever gathered upon a common platform. The officials of that organization have not denied their official signatures to any communication offered in evidence. They have not denied that they paid their lobbyists large salaries and honored immense expense accounts. They have not denied that they attempted to break strikes and that their agents went to and fro in the halls of Congress and frequented the rooms of its members to prevent legislation in behalf of labor. The National association through its overwhelming greed for power and pelf, now stands absolutely discredited before Congress and the nation. Its influence for evil has been materially reduced."

The report charged that only a limited number of copies of the lobby hearings have been printed and expressed the hope that the convention would call upon Congress to supply more that they might be distributed and the knowledge of the alleged "conspiracy of the manufacturers be widely disseminated."

Reference to the lobby investigation concludes: "Now that the existence of the invisible government the strong hold of organized dollars has been established beyond doubt as a question was that its methods, purposes, and agents have been revealed to the public, those who have at heart the interests of humanity and the maintenance of a democratic form of government, are able to attack the problem with the wisdom of experience and knowledge."

The early meeting of the Panama canal was made the occasion to demand for greater immigration restriction through national legislation. Easier access to the Pacific coast, the report says, forces a duty upon the workers in western states to seriously consider the new problem of foreign immigrant labor. The failure of remedial legislation in recent Congresses was deplored.

In connection with the work of the department of labor the report declares in favor of the establishment of a bureau of labor safety to look after the safety of workmen and the encouragement of safety devices. A museum of safety, it was declared, "would be of great assistance in promoting these various purposes."

Only brief comment was made in the report on the contempt of court sentences pending against President Gompers, Vice President Mitchell and Secretary Morrison. A review of the case was given but, aside from declaring that the "opinion of the district court of appeals did not give a decision to the fundamental issues upon which organized labor had been asking a judicial ruling," the report refrains from comment on the court's findings.

Urgent need for the solution of the problem of the unemployed was brought to the attention of the convention. Sympathy with their condition was expressed and the belief was voiced that the unemployed might be used in road construction which automobile travel is making doubly of greater importance. Legislation to that end was urged.

Because of the international and world-wide trend in the organization of labor, the report stated the Federation was heartily in sympathy with movements to bring about lasting international peace.

"Labor organizations the world over," says the report, "have committed themselves to the policy of international peace—peace with honor and justice in international politics as well as in industry. All national economic and political issues are infected with world interest."

In conclusion the report urged the delegates to give earnest consideration to the recommendations made for remedial legislation, among others: an

eight-hour work day, injunction limitation, seamen's legislation, workingmen's compensation, Federal bureau of health, safety appliances, arbitration and automatic stop systems on railways.

VERMONT SOCIETY TO MEET WEDNESDAY

Sons of American Revolution Will Hold Annual Session in Van Ness House in Burlington.

The annual meeting of the Vermont society, Sons of the American Revolution, will be held at the Van Ness House, Burlington, Wednesday, Nov. 12, at 2 o'clock in the afternoon, to hear the annual reports, elect officers and consider any matter concerning the welfare of the society.

At this meeting action will be taken on the proposition to substitute for the second sentence of section 2 of the by-laws of the society, the following: "From the annual dues of two dollars per member, fifty cents per member shall be appropriated for National Society dues; and the treasurer shall be authorized to use such portion of the revenues amounting to one dollar per member as may be necessary for current expenses, the balance to be set aside as a fund for the marking of historic spots or the graves of historic persons."

Since the last meeting the following members have died: Col. Daniel B. Dyer, Augusta, Ga.; E. B. Kimball, Burlington; Capt. Cassius Peck, Burlington; E. G. Norton, Vergennes; Olin Scott, Bennington; H. L. Stillson, Bennington.

The following members have withdrawn from the society since the last meeting: W. W. Rowell, Hardwick; Wilbur Farnum, Westfield; Col. M. M. Parker, Washington, D. C.; Harry E. Cunningham, Urbana, Ill.; W. H. Zottman, Burlington.

The following new members have been received since the last meeting: G. Frank Bender, Pittsford; William H. Wright, Brandon; George C. Wright, Westminster; Charles A. Plimley, Northfield; Carl B. Hazen, Morrisville; Dr. C. Hamilton Hazen, Springfield; Julius A. Wilcox, Ludlow; Lyman P. Wood, Burlington; Thomas Reed Powell, Burlington; Charles H. Stevens, St. Albans; Glenn A. Wilkins, Morrisville; Austin Wilkins, Morrisville.

Dr. Henry B. Holten and Col. J. Gray Eddy of Brattleboro are members of the board of the society.

CLOSE OF STATE CORN SHOW.

Dean Logan of Westminster Wins Potato Paring Contest.

WINDSOR, Nov. 8.—The third annual Vermont state corn show closed today with a large attendance at the old-fashioned harvest ball. Several addresses were made by men connected with the University of Vermont. Prof. A. L. Hills took for his subject, How the New Extension Department of the State Agricultural College Can Serve You. Prof. R. T. Burack spoke on How to Improve the Corn Crop, and Prof. F. B. Jenks gave some good advice as to agricultural teaching in the public schools. Miss Bertha M. Terrill gave talks upon Cleaning, Labor Saving, Domestic and Personal Hygiene.

In the potato paring contest the winner was a boy from the Kurn Hattin home at Westminster, Dean Logan. The corn judging contest was won by Justin E. Smith of White River Junction, the second prize going to John H. Vandell of Windsor.

The judges awarded first honor for the best Grange display to the women of Ascutney Grange of Windsor and to the men of Connecticut river grange of Ascutneyville, the prize being divided.

Chester Pratt, 15 years old, of Windsor, was awarded the Holstein bull, Korosh King, as special prize for the best exhibit of those traces of eight-rowed flint yellow seed corn. He also won the registered Gieneyse heifer, Gieneyse Queen, for the best eight-rowed corn that shelled the heaviest from a half bushel. The second prize went to Springfield grange.

The rapid-fire squad of the Constitutionalists of Mexico at Santa Maria. The squad is equipped with modern, up-to-date machine guns, and well trained in how to use them effectively.

KILLED BY SHOT IN BACK

Charles Gordon, Professional Hunter, Fatally Wounded in West Haven

WILLIAM KOCH IN
JAIL AT RUTLAND

Admits Firing the Shot, But Claims It Was Accidental—Dispute Over Traps on Koch's Farm—Victim Died While on Way to Hospital.

WEST HAVEN, Vt., Nov. 10.—Charles Gordon, fisherman and hunter, was shot fatally here yesterday during a dispute with William Koch over some traps which Gordon had set on Koch's farm. Gordon died on his way to the hospital after Koch had summoned three physicians by special train from Whitehall, N. Y., to attend him. Koch was arrested.

Gordon, who was 38 years old, lived alone in a houseboat on the New York shore of Lake Champlain. When he rowed across to the Vermont side yesterday to examine some of his traps on Koch's farm, the owner of the farm, who was formerly a New York game warden, discovered him and ordered him off the premises. In the quarrel which followed, Gordon received a 38-calibre revolver bullet in the back.

As soon as Koch saw that Gordon was seriously wounded he telephoned to Whitehall for physicians and had a special train provided for them. Meanwhile Gordon, at his own request, had been conveyed in a rowboat to his houseboat, which was nearly a mile away, across the lake. The three doctors from Whitehall found the condition of the wounded man desperate when they arrived. At Koch's request that everything possible be done to get Gordon to a hospital, a yacht was chartered to tow the houseboat to Whitehall, but Gordon died before the goal was reached.

Koch was removed to the house of correction in Rutland last night, after State's Attorney R. L. Stafford and deputy sheriffs had examined him. He is a prosperous farmer, 35, and has a wife and two children. He formerly lived in Whitehall. Gordon was not married. His mother and four brothers survive him.

Koch admitted the shooting, but said it was accidental. He had re-nistrated with Gordon against setting traps in his game preserve, he said, when Gordon made a move as if to attack him and at that instant the revolver which Koch was holding was discharged. Koch said he was unable to understand how the bullet entered Gordon's back. Koch's game preserve consists of about 2000 acres of land which he has stocked with wild birds and animals of various kinds in the last few years. He said he has been much annoyed of late by poachers.

A special session of the grand jury will be called at once to investigate the shooting.

HARLAN PAGE AMEN DEAD.

Principal of Phillips-Exeter Academy Was Stricken with Apoplexy.

EXETER, N. H., Nov. 10.—Harlan Page Amen, principal of Phillips Exeter academy and an overseer of Harvard college, died here yesterday afternoon. He had been in charge of the academy nearly a score of years. Death followed a shock of apoplexy with which he was stricken Saturday morning. He was found by members of his family unconscious beside a telephone to which he had gone apparently to summon a physician when he was first attacked with illness.

Mr. Amen was 60 years old. His

early education was gained by his own efforts both at the high school in Portsmouth, Ohio, and at Exeter. At Harvard college, from which he was graduated in 1879, young Amen won a scholarship in each of his four years. He was the roommate at Exeter and at Harvard of President William Dewitt Hyde of Bowdoin college. Mr. Amen was made principal of Phillips Exeter academy in 1895. There were 100 students when he took charge. Nearly 600 are enrolled today. On account of his serious illness the students refrained Saturday night from the expected noisy celebration of their football victory over Phillips Andover academy.

Long Bicycle Trip.

Joseph Andrews of Alstead, N. H., has arrived home from San Francisco, having traveled the entire distance, about 3400 miles, on a bicycle. He left San Francisco on July 4.

On the trip he stopped but five times at a hotel. He slept out of doors each night except when the weather was extremely bad, when he made for a shed in some farmer's yard. On his bicycle he carried a heavy blanket, a small suit case and a heavy canvas sheet. He was dressed in overalls and wore a heavy woolen coat, cap and bicycle shoes. He paid out 85 cents for repairs to his bicycle on the trip.

He is a carpenter and took the long trip, he says, to satisfy his curiosity. The hardest part of the whole journey and the part that was the real test of his endurance, came when he was crossing the desert in Colorado. He had four quarts of water with him when he struck the desert and used that up in 52 hours. He suffered for a long time for want of water. Several times he had to walk for five or more miles on the Missouri Pacific railroad tracks and the hot dry ties made his feet sore. He enjoyed good health on the entire trip.—Claremont Advocate.

Citation to Deer Hunters.

(Londonderry Letter).

Next week the deer hunting season opens, and we fear this means many accidents. If the whiskey bottle could be left behind when the hunter starts out, much of the danger would be avoided. We would also like to suggest that a proper respect ought to be shown for the property of others. Don't shoot a building full of holes, nor tear down fences and leave gates open. Do as you would like to be done by. Be careful about fire, and make sure of what is in front of the gun before firing. We hope that every hunter that reads all these cautions will get a deer this season.

Carelessness is nearly always the most costly item in an expense account.

EVER WATCHFUL.

A Little Care May Save Many Brattleboro Readers Future Trouble.

Watch the kidney secretions. See that they have the amber hue of health.

The discharge not excessive or infrequent. Contain no "brick-dust like" sediment.

Dean's Kidney Pills are especially for weak kidneys.

Here's Brattleboro proof of their merit.

Mrs. C. M. Brackett, 116 Elliot St., Brattleboro, Vt., says: "I have suffered from kidney trouble and was caused a great deal of annoyance by the kidney secretions. There was a dull pain in my back and I had severe headaches and dizzy spells. Doctors I consulted did not help me and I also failed to find relief from several remedies. With Dean's Kidney Pills it was different. I procured my supply from the Brattleboro Drug Co.'s store and after finishing two boxes I was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Dean's—and take no other.

WEST BRATTLEBORO.

OBSERVED 90TH ANNIVERSARY.

Mr. and Mrs. Newell S. Moore of Akron Presented \$100 in Gold.

The Akron (Ohio) Register-Tribune of Oct. 23, contains an account of the golden wedding celebration of Mr. and Mrs. Newell S. Moore of Akron, which took place in their home Sunday, Oct. 19. About 40 relatives assembled to help observe the anniversary. Mr. Moore, who was Miss Mavorette Miller, was born on the Eli Miller farm in West Brattleboro and Mr. Moore also is a native of this town. Their marriage took place in the house where Mrs. Moore was born. Rev. Mr. Chandler performing the ceremony. Mrs. Moore's parents were Mr. and Mrs. John B. Miller. Her mother is now Mrs. Elijah Reed and lives with Mrs. David T. Perry in this village. Mrs. Moore is a sister of Mrs. D. T. Perry of West Brattleboro and Mrs. Fred Morse, Mrs. Bert Ware, Luther Miller and Austin E. Miller of Brattleboro and George P. Miller of Guilford.

At the anniversary celebration Mayor A. L. Yeaton went through a marriage ceremony, which brought back a flood of tender memories. Dinner was served amid beautiful decorations. Mr. and Mrs. Moore were recipients of many gifts, including \$100 in gold. Mr. Moore is a retired lumber and coal dealer. Mr. and Mrs. Moore have seven children living, all of whom were present at the celebration.

E. M. Goodenough is wiring Miss Ida Fox's house for electricity.

Miss Marion Wilder of Dunsmuir was a guest of her aunt, Mrs. Warren Walker, last week.

Mrs. Vira Stratton of Springfield, Mass., and Mr. and Mrs. Bert Whittemore of Guilford were visitors at Mrs. F. G. Taylor's Saturday.

Clyde Butler and family moved Saturday from Herbert Clark's house to Crosby street, in the east village.

The second division of the Woman's association will serve a supper in the chapel of the Congregational church tomorrow, Tuesday, evening from 6 to 8 o'clock. In connection with the supper the Clover club will have a sale of fancy articles, aprons, home-made candies, etc.
